

Kennet Insurance Brokers are **specialists** in insuring
touring caravans, static caravans, park homes
and **motor homes**.

Kennet provide first class extensive insurance cover at competitive rates so you can be sure your vehicle and its contents are correctly covered.

Many owners wrongly believe that their caravan or motor home is covered by their car insurance, many of whom have only third party insurance, and they become the unwitting victims of immense loss – both financially and emotionally – if their caravan or motor home is damaged, broken into, vandalized, burgled or stolen.

The Crime Reduction Agency advises that caravan and motor home owners should be made aware of the importance of obtaining adequate insurance for these particular vehicles.

Kennet are part of Higos, one of the largest independent intermediaries in the South West, who pride themselves on offering clients the best advice, service and value for money available. Higos' commitment to providing excellent service and advice was recently recognised when we were awarded the Insurance Times Independent Regional Broker of the Year award for 2008.

Call **Kennet** today on **01380 729 550** or email **caravans@higos.co.uk** to obtain a quotation or for further details.
