

# Valued Lives

Valued Lives, based in Pewsey, Wiltshire, provide family style accommodation and care to adults with learning disabilities. To compliment our service as a care provider Valued Lives also operate two life long learning centres, these being Harlequins and The Secret Garden.

**Harlequins** - a wide range of learning opportunities and activities are available at Harlequins which include activities in craft, music, project work, physical activities and nature walks.

**The Secret Garden** is a smallholding set in the beautiful countryside of Marlborough, in 11 acres of grounds, where Service Users are able to learn skills in horticulture and animal husbandry. The experiences gained here can be used as a stepping stone to aid any employment.

Our day opportunities are open to both individuals and organisations. To find out more about what Valued Lives can offer, or to arrange a visit please contact us on **01672 569020** or **01672 562022**
